Dear Professor

As it is so bad a storm and I do
have a slight on me I ~~do not~~ hardly
feel equal to going to the Trib. Sat. this
P. M. with the doubt of finding Walker
in - I ~~therefore~~ will therefore change
our plan and wait until you return
before calling a meeting of our Board -
~~I can~~ ~~then~~ We can be better prepared
* & have more data to talk over
there than we would now, any way -
A lame man's excuse, you will
say. - I owe to the impetuosity
but never the less will act on it -

~~Do all you can to get so~~

Very truly yours

Henry L. Whitney
